Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Thursday 24 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Thursday mainly cloudy with outbreaks of rain. Misty in west.

Today:
Some early sunshine in East Highland, otherwise a cloudy day with some outbreaks of rain, with some fairly heavy bursts for a time. Strengthening northerly winds across the Western Isles Sutherland and Caithness. Maximum temperature 18 deg C (64 deg F).

Tonight:
Mainly cloudy damp start but the Western Isles and west coast brightening up with late sunshine, and becoming mostly dry overnight with just some light showers over Caithness and Nairn. Minimum temperature 9 deg C (48 deg F).

Friday:
Most places will have a dry bright day with some sunny spells the best of these in the west. Still a few light showers in the east in the morning. Maximum temperature 16 deg C (61 deg F).

Outlook for Saturday to Monday:
A lot of dry weather with some sunny spells, and becoming warmer. However there will be a few cloudier spells in the northwest.
